Information for Immediate Release

TRUTH Serum - Deer Dropin's

Through extensive research, Primos has produced the perfect natural looking and smelling delivery system for making mock scrapes or activating a primary scrape. Made from 100% biodegradable material, Deer Dropin's are a blend of TRUTH Serum Estrus Doe and Buck Urines.

Add 20 – 30 pellets of Deer Dropin's to an already active scrape to increase a bucks frequency of visiting, or make a mock scrape where you want deer to come investigate.

Deer Dropin's scent lasts 30 to 45 days so you do not have to continuously add scent to the scrape site and risk contaminating the area with your scent.

Unlike other scents and lures, moisture actually rejuvenates and strengthens the scent of Deer Dropin's.

- Fresh Scrape Odors Last 30-45 Days
- Rain and Moisture Rejuvenates Scent
- 100% All Natural, Scent Infused Mineral Pellets
- Biodegradable – Safe for Environment

TRUTH Serum – Deer Dropin's

Model #58290

MSRP: \$19.99
